Criteria for Admission

Admission decisions are made after a full review of the materials in the application. Programs consider previous records, test scores as well as recommendations and evidence of the candidate's ability to do advanced research work of the highest quality.

Requirements:

- GPA \geq 3.0
- B.Sc. in Biotechnology or related fields
- English proficiency score (MU-test \geq 45 or equivalent)
- Experience working in research institute or industry related to biotechnology for at least 1 year
- Permission from the employer to pursue the study and to continue his/her work after graduation

Required documents:

Apart from an application form and documents required by Faculty of Graduate Studies as indicated on its website (http://www.grad.mahidol.ac.th/grad/admission/howtoapply_en.php), the applicant must submit following documents with his/her application.

- Letter of work experience from employer
- Letter of permission from the employer to pursue the study and to continue his/her work after graduation
- Abstract on candidate's research-of-interest (in English, 350-500 words)
